Module 11

Datasm as a Religion of Data

The Data Religion

Dataism declares that the universe consists of data flows, and the value of any phenomenon or entity is determined by its contribution to data processing.

Information Wants to be Free

The supreme value of dataism religion is 'information flow'.

Current morals are outdated

Dataist ought to maximize data flow

Know Thyself

Dataism is neither liberal nor humanist;

Dataism adopts a strictly functional approach to humanity;

The End
